

STEAM Questions

1. It has been reported that Winslow Homer loved being near the sea. He moved to Prout's Neck, Maine, and established his permanent home for this reason. In the late 1890's he traveled to Key West, Florida. Contrast the climate at these two locations by the sea.
2. In terms of geography and topography how would you describe the section of Florida known as the Florida Keys?
3. After traveling from Maine to the Florida Keys, Winslow Homer's art became brighter and more colorful. Does the environment influence human behavior? How?
4. Name five sea creatures that are common to Key West, Florida, that do not live in Prout's Neck, Maine.
5. If Winslow Homer traveled from Miami, Florida, to Key West, Florida, in 1895 and 1915, what mode of transportation would he most likely have chosen for each trip? What great engineering feat took place allowing him another travel option in 1915? Share the significant engineering innovations created in the effort.
